Parking System and Fees

55-6-7_FB02
Rev. 04

1. Fees

Parking fees are generally divided into the following categories:

- Customers WITH a lift ticket (full-paying), e.g. single-ride, hourly, day, multi-day or season ticket for Reinswald "RBB" or Südtirol Skiarena "SSA"
  € 1.00 per hour (maximum daily fee € 3.00)
- Customers WITHOUT a lift ticket & special tickets (e.g. guest cards)
  € 2.50 per hour (maximum daily fee € 10.00)

The first 30 minutes after entering are free of charge.
People with disabilities may park free of charge in specially designated spaces upon presentation of a disability ID card.
Customers who purchase an adult/senior RBB season ticket (winter or summer) or a Südtirol Skiarena season ticket in Reinswald may also purchase a seasonal parking pass for € 45.00. This is valid for the respective current season and allows use of the car park subject to space availability.
Please note: If the parking pass is lost, a parking fee of € 20.00 will be charged.

2. Payment Options

Two payment machines are available. They are located directly at the parking garage, near the pedestrian entrances and exits by the ski rental shop. Payment is possible by:

- Cash (the payment machine gives change)
- Debit card (EC card) or credit card (including contactless)

3. Procedure

Without a lift ticket or with special tickets:

1. Take a parking ticket at the entrance barrier and drive in.
2. Pay for the parking ticket at a payment machine before leaving.
3. Insert the paid parking ticket at the exit barrier (within 30 minutes of payment) and drive out.

With a lift ticket: When purchasing a full-price lift ticket, or upon presenting an RBB or SSA season ticket at the lift ticket office, the parking discount can be applied to the parking ticket.
With a seasonal parking pass: Simply hold the chip card against the reader at the entrance and exit barriers. Do not take or pay for a parking ticket.
